---

### SUMMARY

Third-year BCA student skilled in front-end and full-stack development, with strong foundations in HTML, CSS, JavaScript, and React. Currently learning Node.js, Express, and Firebase to build full applications. Experienced in creating responsive UIs, dashboards, and AI-integrated projects. Fast learner with clean coding habits and strong problem-solving skills, seeking front-end or full-stack internship opportunities.

### PROJECTS

#### Restaurant Management & Billing System (C Programming Project) :

GitHub:- <https://github.com/Aditi960/restaurant-management-system>

- Developed a clean menu-driven billing system in C.
  - Supports Breakfast, Lunch, and Dinner ordering with quantity-based bill calculation.
  - Added personalized greeting using customer name + gender.
  - Simple CLI interface compiled and tested using MinGW on Windows.
- 

#### Movie Data Analysis (Python | EDA Project) :

GitHub:- <https://github.com/Aditi960/Movie-Data-Analysis>.

- Cleaned, analyzed, and visualized movie dataset using pandas, NumPy, matplotlib, seaborn.
  - Identified trends like top genres, top-rated movies, and variable correlations.
  - Built clear visual reports including heatmaps, bar charts, and trend plots.
  - Notebook includes full setup instructions for Jupyter & Google Colab.
- 

#### Portfolio Website :

GitHub:- <https://github.com/Aditi960/Portfolio>

Live :- <https://aditithakare.netlify.app/>

- Developed a responsive personal portfolio using HTML, CSS, and JavaScript.
  - Implemented interactive UI components and smooth animations.
  - Highlights skills, certifications, and projects with a clean, accessible layout.
- 

#### SkillBuddy – Personalized Career Course Companion - TYBCA Final Year Project 2025–2026

GitHub:- <https://github.com/Aditi960/SkillBuddy>

Live :- <https://skillbuddy0.netlify.app/>

- Currently developing the authentication module using Firebase (Signup + Login fully functional).
- Set up Firestore backend structure for storing user profiles and dashboard data.
- Interface built using HTML, CSS, and JavaScript with clean form validation and responsive UI.
- This is the foundation for the full dashboard, which will later include course search, notes, study plans, quizzes, YouTube resources, and progress tracking.
- Planned upgrades: React for UI, Node.js backend, TailwindCSS, and AI-based recommendation engine.

## SKILLS

---

**Front-End:**  
HTML, CSS,  
JavaScript,  
React.js

**Backend (Learning):**  
Node.js, Express.js

**Programming:**  
C, C++,  
Java(DSA),  
Python,  
SQL, PHP, R

**Tools:** Git,  
GitHub, Firebase  
(Basic), Linux  
Commands, REST  
APIs, Responsive  
Web Design

**Other Skills:**  
Problem Solving,  
Public Speaking,  
Fast Learner

## EDUCATION

---

### Bachelor of Computer Applications (BCA)

Apr 2023 – Apr 2026

Haribhai V. Desai College of Arts, Science and Commerce, Pune, MH.

- Coursework: Java, Web Development, Data Structures, Cloud Computing, OS, AI

## CERTIFICATIONS

---

- [AWS Cloud Certification](#) — GreatLearning (2023)
- [Introduction to Golang](#) — SkillUp (2023)
- [Project Management](#) — SkillUp (2023)

## ADDITIONAL INFORMATION

---

- **Languages:** English, Hindi, Marathi, Japanese (Beginner)
- **Event Experience:** Anchored college tech events; coordinated audience engagement.
